System 9 Prestige block

System 9 Prestige block with 647 finger grip and 245CM grating

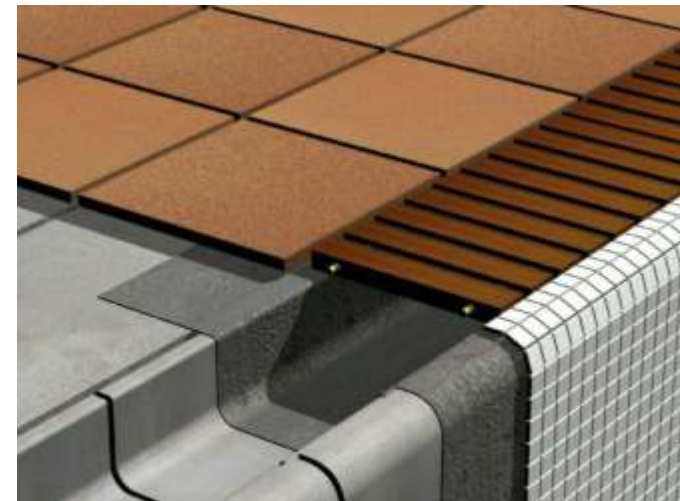

System 9 Prestige block with 647 finger grip and 245FL flexi grating

System 9 is an innovative solution to the construction of overflow channels. It comprises a series of pre fabricated water repellent blocks designed so that each piece acts as drainage channel and tile support.

The key advantages over the traditional approach to construction are .

- 1 Reduces the cost of the concrete overflow system construction
- 2 Speeds up the installation process, saving time and labour costs
- 3 Improves the finish of the top of the Gunit walls
- 4 Avoids the shortcomings that are often present as a result of the formwork.
- 5 Ensures a perfect finish to the swimming pool brim
- 6 Offers an aesthetically pleasing finish.

Corten cast iron

Corten cast iron

This “metallic” glazed porcelain tile series is available in two finishes, copper bronze and cast iron. Both achieve stunning effects, especially in submerged installations.

Corten is available in three sizes, and edge pieces and gratings are also available to complete any project. A 3x7 cm mosaic format is also available.
